

**ORONOQUE VILLAGE CONDOMINIUM**  
**ASSOCIATION**  
STANDARD FOR  
**PORCH SCREENS**

1. Screen frames to be constructed of aluminum extrusion in dark bronze color. Frame to provide “narrow profile.”
2. Screening material to be “charcoal” color finish of fiberglass or aluminum.
3. Screens to be easily removed for painting of wood surfaces and/or other maintenance. Submit a sketch showing screen panel and width.
4. OVCA Maintenance Department will provide any further information required and will also give the names of contractors who have furnished and installed approved porch screens at Oronoque Village.
5. The OVCA Rules and Regulations that allow screens only at porches within roof overhangs apply.
